

GP RESPIRATORY CLINICS

Do you have respiratory symptoms?

Fever, cough, shortness of breath, sore throat, fatigue?

Are you concerned about COVID-19 and feel you fit the criteria for testing?

If yes, you can book an appointment at one of our Respiratory Clinics.
Onsite COVID-19 testing is available for eligible patients.

Book online via:
adelaidephn.com.au/respiratoryclinics

216 Old South Rd,
Old Reynella

**North Eastern
Respiratory Clinic**

08 7089 5799

15 Roopena St,
Ingle Farm

Respiratory Clinics are Commonwealth funded, dedicated clinics for the assessment and treatment of respiratory symptoms.

What to expect:

- This clinic is strictly by appointment only. No walk-in appointments will be provided.
- If you have respiratory symptoms, you will be allocated an appointment and will receive confirmation of the time, location and details of your booking.
- At your appointment, you will be assessed by a GP and IF you meet the testing criteria for COVID-19, you will be tested via a throat and nasal swab. You will be provided with initial advice for any condition diagnosed during your appointment.
- Your usual GP can provide any follow up care via telehealth (phone or video) if you require ongoing care.
- This service is provided at no cost to the patient.

For information about the SA Health funded COVID-19 Clinics and drive through testing services across Adelaide visit:
